

TANIS ROEDER, CSP

Presentation Skills Introduction

Our speaker today is Tanis Roeder (ro-der), owner of Elevate Your Communication. She is a native of Fort Collins, Colorado, and earned her Speech Communication degree from Colorado State University.

Tanis started competitively speaking before she could drive a car and is now a Past President of the National Speakers Association Colorado chapter. She has spoken to nearly 25 thousand high school students, over 20 thousand business professionals, and gave a TEDx presentation titled 'Unlock the Power of Pause'. Which might explain the license plate on her car that simply says 'PAUSE'.

Public speaking is her passion, and she truly enjoys helping others own their brilliance when they are presenting.

Today Tanis is here to share information with us about how we can become an even more Powerful Presenter so we can make the most out of every time we communicate with 2 or more people!

Please help me welcome Tanis!

- ELEVATE YOUR COMMUNICATION -

WORKSHOP LEVEL 1

Although public speaking may not be your favorite thing to do, the ability to persuade and communicate effectively can impact every aspect of your professional life. This workshop focuses on fine-tuning one's abilities and skills in this arena which is essential to your career success. Whether you wish to communicate with two or two hundred people, there are specific skills that will make a measurable difference in your overall success.

The "Knock 'em Alive! Powerful Presentation Skills™" workshop created by Scott Halford of Complete Intelligence, is a workshop designed to lead busy professionals through an integrated process of learning to communicate and present effectively. Regardless of previous instruction and experience, participants will find value.

PARTICIPANT OUTCOMES

- Understand and use the behaviors that signal confidence, poise, and power in any communication.
- Use of eyes, voice, hands, and feet as tools for communication.
- Understand and manage fear.

WORKSHOP CONTENT

- Seven attributes of the effective communicator.
- Negative "markers" that shutdown your listener.
- Positive "markers" that engage your listener.
- Individual evaluation of "where do you stand now as a communicator?" Includes establishment of individual "benchmark" using video feedback.
- Use your eyes to build rapport. Your voice to increase power and effectiveness. Your hands and stance to help people "see" what you say.
- Monitor the fear factor using physiological and mental monitoring - learn what to do when the fear becomes overwhelming.

WHAT IS INCLUDED

- Full day of training for up to 12 people
- Video feedback for each participant and individual coaching.
- Knock 'em Alive! Powerful Presentation Skills™ Level 1 workbook.
- Audio links with workshop "key points" designed to assist the participant in future application of the skills.
