

TANIS ROEDER, CSP

Exactly What to Say® Introduction

Our speaker today is Tanis Roeder (ro-der), owner of Elevate Your Communication. Tanis is a native of Fort Collins, Colorado and earned her Speech Communication degree at Colorado State University.

Her passion for words started before she could drive a car when she participated in her first speech contest. Now her car license plate proudly displays one of her favorite words to teach people about – PAUSE. Her TedX presentation was even titled 'Unlock the Power of Pause'.

We all know that words are powerful and that using the right words in the right way can lead to a positive outcome in a conversation, sales situation, or personal discussion. Today Tanis is going to teach us what those 'magic words' are and talk more about specific situations we find ourselves in when we can use them.

Please help me welcome communication expert, below-average golfer, and Exactly What to Say® Certified Guide Tanis!
